Ways to Support Additional Families

Our desire is to get additional funding to make more opportunities for each school beyond the 5 scholarships. If there are additional families in need of services after the scholarships have been used in your school, we offer a sliding scale to make it affordable for all families to get support.

***We want as many families as possible to take our classes!
Therefore, we offer scholarships and sliding scale fees.***

Regular fees:

- 10 Hour Seminar - \$120 / person or \$170 / couple
- 2.5 Hour Class - \$25 / person or \$35 / couple
